Surveillance and policy status

Physical activity plan

☒ Yes ☐ No

» Name:

Everybody Active, Every Day, 2014

National survey

☒ Yes

☒ First survey: 1991

☒ Most recent survey: 2012

☒ Next survey: 2016

☐ No

Prevalence of Physical Activity | Age 16+ years*

*Health Survey for England, 2012

Research metrics (PubMed search in 2013)

Articles related to Physical Activity and Public Health
 = 65 (*115)

Number of active researchers
 = 289 (*515)

Average connections (shared papers) among authors
 = 6.7 (*8.6)

Articles per million people
 = 1.215 (*1.790)

Researchers per million people
 = 5.570 (*8.034)

Identified publishing groups
 = 42 (*49)

* If United Kingdom as one country were included in the ranking it would be in the 4th position. Much of the research conducted in England, Scotland, Wales and Northern Ireland crosses the borders for funding, collaboration and dissemination.

** Non-communicable diseases
